## Canada – BC Environmental Farm Plan Program

### Beneficial Management Practices (Cost share) Eligibility

- Farm operations must have been in existence on or before January 1, 2004.
- The Environmental Farm Plan has been completed, an action plan developed and the producer has received a statement of completion.
- The EFP is less than 5 years old and reflects the current farm or ranch operation. If the EFP is more than 5 years old, or there have been significant changes, the EFP has to be renewed.
- The producer has current "Farm Classification" for the farm property and a valid HST number.

### Beneficial Management Practice Fundamentals

- The producer is aware that projects will be considered ineligible for funding if any portion has been initiated prior to ARDCorp approval.
- New applications are required for approval review regardless if the project details are unchanged from the cancelled previously approved project.
- The applicant has read and understands the terms and conditions.
- The applicant has been advised of program policy that may limit the amount payable from the program.
- The applicant understands true in-kind and its purpose within the program.
- The BMP application is complete and includes the required documents.
